

HARRISON LANE

# Look Book

# Welcome

We are Auckland and Waikato based Master Builders specialising in luxury, lifestyle and equestrian construction; Ready to design and build your incredible country home, bespoke barn, stables or arena with care and craftsmanship.

From concept to completion, we work with you to manage all aspects of your build. That means there's no need for you to juggle multiple subcontractors or tricky consent processes. We take the stress out of your project by managing it for you.

Our total project management service will take care of resource consents, master planning of your site, drainage, contouring, driveways, and the design and build of your country home, additional farm buildings or barns, stables, arenas and all-weather riding tracks.

# Country Homes

*Building homes that bring family and friends together*

---

From 60 square metres to 600+ square metres, we build country homes of all sizes that are warm, inviting and rest harmoniously in a rural setting.

A beautiful blend of quality fixtures, innovative design elements and functional, energy-efficient materials will feature throughout your Harrison Lane home, future-proofing your investment for years to come.

We'll work closely with you, within your budget to get a dream result.

# Living

*“Working with the Harrison Lane team has been a joy. They showed an enormous level of care and skill in all aspects of the build, from the initial design process to the thousands of decisions that followed.*

*They have an astonishing attention to every detail, even the ones you’ll never see.”*

— *Nadene*

# Equestrian

*Design your  
dream stables*

---

A beautiful balance of functionality and aesthetics will create a space to be enjoyed for many years to come. Designed and built to your own unique requirements, our experience will ensure the wellbeing of your horses and the safety of those who work around them.

Whether you desire a simple stable or an extensive equestrian complex, we will work with you to realise your dream!

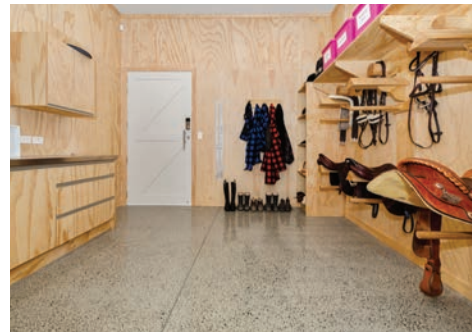

# Stables

# Tack

# Feed

*“We knew there were other companies out there who may design a good looking building, but we needed to be secure in the knowledge that our stables were going to have the horses requirements as paramount.*

*The stables are an absolute credit to Harrison Lane, we couldn't be more thrilled and highly recommend them to anyone wanting to build a barn or stables, from an efficient company who kept our tight budget well on track.”*

— *Nicki*

# Barns

*Garaging, multi-use  
spaces, studios + more.*

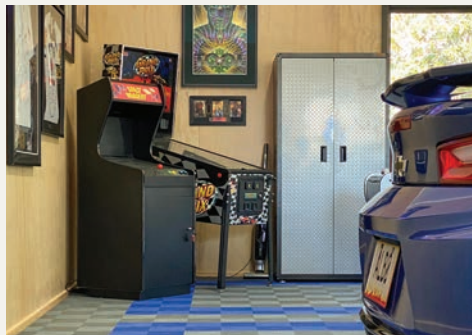

---

Wherever your passion lies, we'll create a custom-designed barn that suits your lifestyle and is built to last.

# Barns

*“We completed a ‘lifestyle’ project with Harrison Lane encompassing many facets from an arena to existing house renovations, to a pool, truck shed, garage and minor dwelling. Our vision of bringing together the old and the new to create a cohesive and unique property that fits our life and we can enjoy for years to come, has been so beautifully delivered and is now so loved (especially the slide ;) by all. Thank you!”*
